NUMBER 144 / 2025

Free^{trial}

Motorbikes. Not for the first or probably last time we put one of those two wheeled, half a car things on the cover. Admittedly there is usually a pretty girl involved as well, but we have been doing this for a decade and everyone is happy. The point we are making is that cars in general and BMWs in particular are not very handsome anymore. An obvious thing to say, but our point is retro bikes are an expensive option. Make that happen to cars please. See you next time...

Free Car Mag continues the fight for motoring freedom, sticking up for drivers and those who want the freedom to choose what to drive and when to drive it. There will be stories that can't be read anywhere else and that should be reason enough to come back for more.
